

BUILDING YOUR PHOTO BOOKS AND PORTFOLIOS

PHOTOS

STEP 1

Open **Photos** and click on the little plus icon on the top right of the screen. Scroll down to **Book**.

STEP 2

Determine what size you want. **Photos** sizing is a little different to our standard A and square sizes. See below chart showing the **Photos** size books vs the Orms book sizes.

Photos Book size	Orms Photobook size
20 x 20 cm	20 x 20 cm
25 x 25 cm	30 x 30 cm
28 x 22 cm	A4
33 x 25 cm	A3

STEP 3

Choose the theme you would like your book to have.

STEP 4

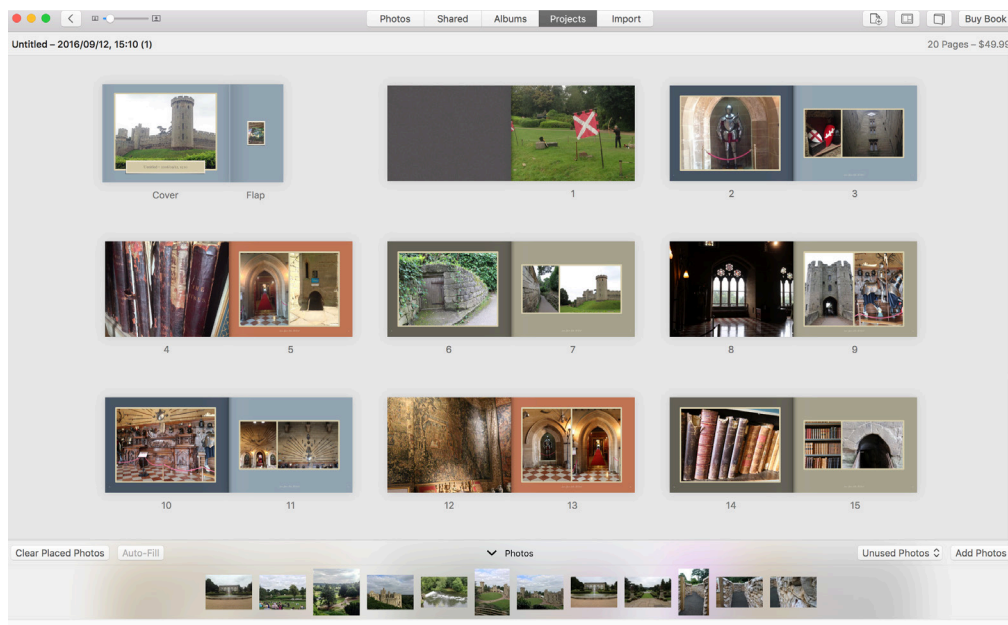

Select the photo's you want in your photobook. Click on the **Add photos** button in the bottom right hand corner. This will open your photo's that are imported onto your Mac. Select the images and then click the **Add** button in the top right hand of your screen.

STEP 5

Your images will now appear at the bottom of the screen. You can design your book two ways. You can click the **Auto-Fill** button and **Photos** will populate your book for you.

Alternatively you can double click on each page of the book and drag your chosen image to fill the images boxes.

STEP 6

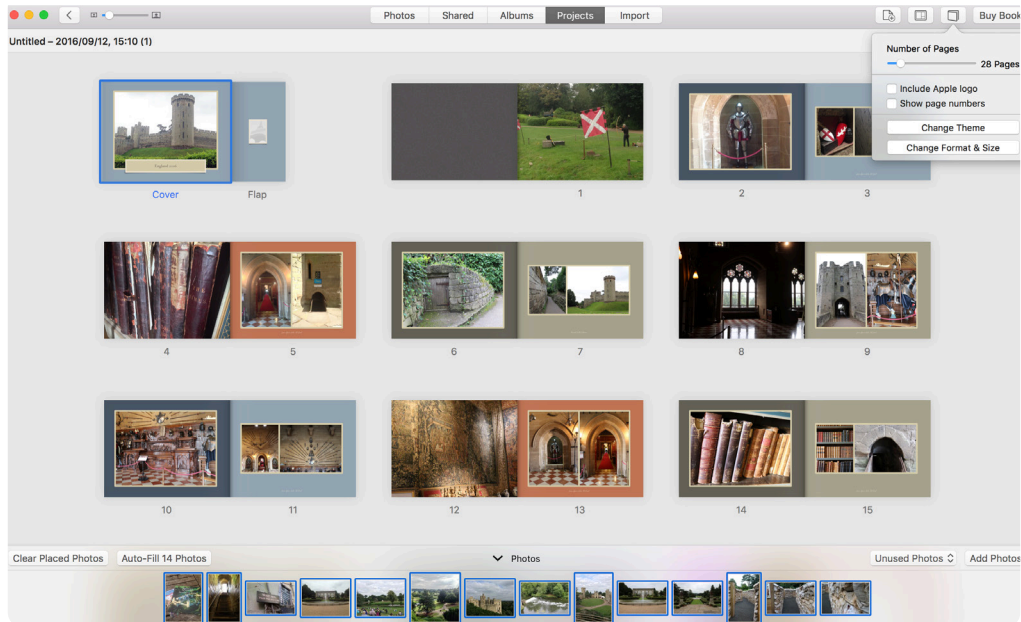

Photos creates a dust cover within their software. Please remember to leave the **Flap** on the front and back covers blank. We sadly do not print dust covers. In the production stage of your book we will take only the front and back covers.

STEP 7

Our books come with a minimum of 28 pages you will possibly need to increase your pages to this. Click on the **Book** icon in the top right hand corner of the screen. Move the slider to increase the number of pages in your book.

You can also change the **Theme** of your book and the **Size**.

EXPORT YOUR PHOTO BOOK TO PDF

(For Print & Distribution)

Your design is complete and now you want to export your file to PDF for print or distribution.

Right-Click and **Save Book as PDF...** Name your photobook and save it to your **Desktop** click **Save**.
